Dear Friend,

The number of people in Merced County affected with low vision or blindness continues to grow. There is help and there is hope. The individual dealing with sight loss can gain or regain independence with training and adaptations at Center of Vision Enhancement (COVE). There is no need to sit alone in despair.

In 2008, COVE was established to help with these needs. We are a local nonprofit organization serving people in our area with blindness or low vision by providing information, support services, training, and assistive aids.

To continue our work here locally, we need you as a financial partner. A tax-deductible cash donation will help us keep our doors open and continue to help those in need. Donations can be mailed in to COVE or made at our website, www.covemerced.org, by clicking on the DONATE button. We also accept donations with a debit/credit card.

Your support of COVE will help carry out our mission *"to support people with any level of visual impairment to enhance their quality of life by developing independence through multi-dimensional services and resources"*.

Help make a difference in the lives of those in our community dealing with blindness or low vision. May we count on your support?

Thank you,
Board of Center of Vision Enhancement
